Message:

I am so grateful to live in a State with a Governor who understands the dangerous consequences of off-shore drilling, and I thank you for your stand against the fossil fuel industry on that matter. I trust we can expect the same from you on the matter of the Atlantic Pipeline, which will be just as harmful to our people and our planet, if not more so.

I know the pipeline industry is lobbying heavily for permission to tear through our State, and the power to stop them is in your hands.
